March 13, 2020

Dear Vocational Nursing Instructors and Students,

Our staff and students' safety is our utmost concern. At this moment, we are working with the California Department of Public Health, Centers for Disease Control and Prevention, Orange County Health Care Agency and the Orange County Department of Education, regarding COVID-19. As you are aware, this is a rapidly evolving situation.

After our coronavirus update on March 12, 2020, Covid-19 Update, NOCROP has decided to postpone participation in the clinical rotations, effective immediately. Classroom instruction will continue as scheduled (this is subject to change based on new developments).

The situation is rapidly shifting, and we are committed to keeping you informed about our actions and any changes. Due to the uncertainty of the situation, we will inform you of how and when students can resume Community Classroom (CC) work-based learning. Please email your administrator or manager, if you have questions. We appreciate your continued support and confidence as we navigate these uncertain times.

Sincerely,

[Signature]

Dr. Terri Giamarino
Superintendent
